The question of Construction of Belur & Vemanam is in the Temple was after discussion with- drawn by Govt in the order dt 18/12/19 as the work comes on two certain Estates & and as it was not also considered practicable from the Engineering point of view

No further action is therefore considered in the matter.

Office of the Muzral Commissioner in Mysore,

Dated, Bangalore, the 9th August 1920.

Muzral Commissioner in Mysore,

Bangalore.

To

T.R. Jagaramma Aiyar, Esq., B.A., B.L.,

Secretary to the Government of His Highness

the Maharaja of Mysore, Revenue Department,

Bangalore.

Sir,

With reference to the Devan's notes of inspection of the Kadur District and with reference to the construction of a bridge to the Sri Cherla Subramanya temple at Kadur, I have the honour to state that it is learnt that this matter has been carefully gone previously and has to be dropped as not practicable from the -- financial and engineering points of view. No papers connected with the subject are available in this office and it is not possible to submit a pronounced opinion in their absence. As it has been found difficult to find the wherewithal to afford this facility to the temple in an efficient state of repairs, the further enquiry of the question of constructing a bridge has to lie over. If it is the intention of Government that the whole question should be re-opened, I request that the connected files on the subject may be kindly transmitted for reference.

I have the honour to be

Sir

Your most obedient servant,

Muzral Commissioner.
